KARATZIS S.A. ENHANCES ITS PRESENCE IN FOREIGN MARKETS

Within the context of strategic planning implementation regarding the development of the Group's commercial presence in international markets, KARATZIS S.A. established a branch in Italy.

The new branch is based in North Italy, specifically in the city of Piacenza, and aims to contribute in the expansion of KARATZIS S.A. penetration in the neighboring market of Italy, which due to its population size as well as its extensive agricultural production, represents for KARATZIS S.A. a very interesting market with significant growth prospects.
