

Vertinet™

Easypack™

Vertinet™ and **Easypack™**, the latest developments at KARATZIS, are bags designed to improve the display of your product on the shelves and to enhance its presentation to the final user.

- ✚ High resistant, though soft & light net construction
- ✚ Generous space along the label on both sides of the package to contain full product information
- ✚ Mesh specially designed to allow good ventilation, while having a good appeal to buyers
- ✚ Suitable to pack from 1 to 5 kg
- ✚ Large variety of net's colours to fit & enhance the content

- ✚ Environmental-friendly. No usage of adhesive as all bonding and sealing provided by heat. Fully recyclable.
- ✚ Designed to fit on every packing machine available in the market.
