

KARATZIS S.A. AT AGRITECHNICA 2015, THE INTERNATIONAL EXHIBITION FOR AGRICULTURAL MACHINERY AND EQUIPMENT IN HANOVER, GERMANY

The KARATZIS Group of Companies participated for another year with great success in AGRITECHNICA 2015, the International Exhibition of Equipment and Machinery that was held from 10 to 14 November 2015 in Hanover, Germany.

KARATZIS S.A. had a strong presence at the exhibition, which takes place every two years, while this year celebrating 30 years since the first time it took place. The Group's stand was found between 2,900 exhibitors from 52 countries, worthily representing Greece and presenting the wide range of products in the manufacturing of netting materials.

The participation of KARATZIS S.A. in AGRITECHNICA 2015 is a significant part of the Group's strategy in order to expand both its international development as well as the growth of its customer base in a global level. Having an active market presence in more than 55 countries, the KARATZIS Group of Companies is a world leader in the manufacture of packaging nets, while its participation in AGRITECHNICA 2015 aims at strengthening the international presence of the Group and at taking part to a fruitful dialogue for the further development of both the company and the Greek trade.
