Press Release

The Nana Beach Hotel is among the top 100 best partner hotels of RTK

Once again the Nana Beach Hotel of the Karatzis Group SA found itself amongst the 100 best partner hotels of the German chain of travel agents, RTK. The 3.500 members of RTK in the whole of Germany selected the 100 best hotels out of 600 with the biggest sales, the main criteria being friendliness, the high standard of services offered and operational policies which are always focused on the visitor's needs.

This distinction is a special honour for Nana Beach as it comes from professionals who are experts in the tourism and hospitality field, while it is the culmination of a number of distinctions which the hotel receives every year from its clients as well as from its associates on an international level.

The recognition for the hard work, the dedication and continuous efforts of the hotel team to provide superior services, is particularly pleasing for the Nana Beach team and now the bar is set even higher for the future. Every distinction brings with it the challenge to provide a higher level of hospitality, to improve the infrastructure and facilities and to provide an even greater experience of greek hospitality at Nana Beach.
